

ACTION ALERT – Urge Your Senators to Vote NO on the Tax Bill

Background

On November 16, the House of Representatives passed its version of a tax bill. Now the Senate is finalizing its own version. Both bills are extremely damaging because they:

- Increase the deficit significantly to provide tax cuts that disproportionately benefits the wealthiest Americans and corporations.
- Pave the way for cutting Medicaid, Medicare, Supplemental Security Income, and other critical programs for people with disabilities in order to pay for the tax cuts later.

But the Senate bill is *even worse*. It also repeals the “individual mandate” for people to have health care coverage. If this happens, nearly 14 million people will lose health coverage and will it increase premiums for people buying insurance on the health insurance exchange by 10% per year. The individual mandate is a central part of the Affordable Care Act (ACA) which greatly benefits people with disabilities by eliminating pre-existing condition exclusions, banning annual and lifetime limits, prohibiting discrimination based on health status, and much more.

The Senate is scheduled to vote on its tax bill as soon as **Thursday, November 30**.

We must stop this very harmful and [unpopular](#) legislation NOW.
