

May 30, 2012

The Honorable George Miller
Ranking Member
House Committee on Education and the Workforce
United States House of Representatives
Washington, DC 20515

Dear Representative Miller,

On behalf of the undersigned members of the Consortium for Citizens with Disabilities Education Task Force, we write to express our deep gratitude for your tremendous leadership and tireless commitment to the safety and welfare of our nation's children. Thank you for your remarks on the floor of the House of Representatives urging Congress to pass the Keeping All Students Safe Act, H.R. 1381.

The Keeping All Students Safe Act will establish national minimum standards for the use of restraint and seclusion in schools, strengthening protections in every state and ensuring the safety of all students and school personnel. The bill will ensure that restraint and seclusion are used only in emergencies threatening physical safety. The bill also promotes a shift toward preventing problematic behavior through the use of de-escalation techniques, conflict management and evidence-based positive behavioral interventions and supports. This shift of focus will help school personnel understand the needs of their students and safely address the source of challenging behaviors – a better result for everyone in the classroom.

As you mentioned in your remarks, the use of restraint and seclusion is widespread. New data from the U.S. Department of Education shows that nearly 40,000 students were physically restrained during the 2009-2010 school year, with about 70% of those students being students with disabilities.

We are saddened by these statistics and we are concerned by several of the recent news reports about restraint and seclusion. As you said, our nation's children deserve

better. We need more than the current patchwork of state laws to ensure that every child is afforded protection.

We applaud you for your efforts and leadership in authoring and promoting the Keeping All Students Safe Act. We look forward to working with you to move this long-overdue legislation quickly through Congress.

Sincerely,

ACCSES
