

**Education Task Force  
Annual Report  
2008**

Co-chairs Paul Marchand, Katy Beh Neas, Laura Kaloi and Jane West

2008 marked some victories for the Education Task Force. Congress completed action on amendments to the Higher Education Act that promote new opportunities for students with disabilities and teachers of students with disabilities. In addition, regulations that would have restricted Medicaid reimbursement for services provided to students with disabilities were blocked.

The task force continued to advocate for increases in funding for all of IDEA's programs, for the inclusion of students with disabilities in No Child Left Behind and for the effective enforcement of IDEA and NCLB.

**Anticipated 2009 Activities**

1. Continue to work with Congress on legislation to revise NCLB.
2. Transition issues, in conjunction with the Employment and Training Task Force, including VR and WIA
3. Budget and appropriations

All CCD Education Task Force documents are on the CCD website.
